MEMORANDUM FOR: DDP - Mr. Wisner

SUBJECT : [ ] Recommendation for Continued Study  
of Civil Resistance

25X1

1. I note your memo on the above subject of 6 January and am writing in haste to advise you that arrangements are already practically complete for a continuation [ ] of the study [ ] I expect within a very few days to have a full outline of a [ ] which provides for a somewhat larger-scale, and, in my view, better conceived study than that he originally undertook.

2. This new proposal is really a joint product of discussions between [ ] and myself. As soon as the proposal is available it will be submitted to the DD/I and yourself in the usual fashion for an indication of your interest. I very much hope you will support it at that time. May I say that I believe it would be confusing to set in motion another approach to this matter, at least until we have had time to pass on the [ ] proposal. I should also say, for the benefit of C/PPC and C/PP, that, to the best of my knowledge, [ ] produced very little written work during the [ ] phase of this project.
